

Access Your Desktop, Applications & Data From All Your Devices...

nWorkSpace is our Workspace as a Service solution that acts identically to the desktop you use today. **The difference?** Your workspace stays in the cloud. Simply access it from any connected device to work with your files and applications... from the road, at home or when meeting with a client.

Quick & Easy Access from Anywhere

- Access your desktop, files and applications from all your devices. Our responsive solution connects you very quickly to your workspace
- Consistent user experience across your PC, laptop, tablet and smartphone

Simplifies IT Management

- Includes all OS, desktop and application support and updates
- Includes all IT infrastructure, storage and data backup
- Supports *Bring Your Own Device*
- Allows for easy management of your IT network — end users, servers and applications — via nWorkSpace Control Manager, our single-pane-of-glass provisioning tool

Enhances Data Security & Business Continuity

- Your applications, files and desktops reside in our secure cloud environment: CloudJumper data centers are SSAE-16 Type II, TIA 942 Class 4, PCI DSS, HIPAA and Sarbanes-Oxley certified
- Supports company disaster recovery plans by keeping all data secure and readily available

The nWorkSpace Solution

Your Desktop in the Cloud | It's your desktop in the cloud, accessible from all your devices. From your workspace, you are connected to all of your files and applications.

Line of Business Application Hosting | We host 1800+ titles, from household names to specialized solutions built by our customers. We keep them backed up and supported.

Microsoft Office 365 | As a Microsoft Shared Computer Activation Partner, we support Microsoft Office 365 in the nWorkSpace environment.

JumpDrive | Easily and securely share files with colleagues and clients. Work on your documents offline, knowing they will auto-sync back to your nWorkSpace when you access the internet. Never worry about sending emails with large attachments as JumpDrive makes it hassle-free.
